

José Renteria: CS 212
Class Encore Session 3
Oct 17, 2023
Agenda

Intro: (~ 5 min)

- Arrays and Pointers review
- What is an array? What is a pointer?
 - How are they related?
 - How to avoid garbage values?

Main Activity: (~40 min)

- <https://github.com/joserenter1a/CS212-F23>
- Go to github link and download or clone arrays_n_ptrs folder
- We will work through the first example then do the last two on your own, work together, help each other.

Closing thoughts (~5 min)

- Questions ?
